Our Facebook Page—Are You a Member?

Our Facebook Page is a valuable tool for two-way information exchange and getting to know other members. The more members we have participating, the better the page will be. Feel free to post tax questions, tax practice, tax tips, tax news, humorous tax-related stories, and the like. We welcome your participation, but please remember that this is a TAX page. There are plenty of other pages that will provide political and other news, so please keep it tax-related. Also, this is not a place to advertise your business. Help wanted or seeking employment posts are acceptable.

Find us on Facebook at Florida Chapter, National Association Of Tax Professionals. We are now up to **600** members. But more than numbers, this is becoming an active page for questions and information. Thanks to all our members, new and old, who are contributing to the discussion on this page. Of our 600 members most are active, so I would encourage those of you who are not, to become involved and if you're not a member, join the group.
